"Helping you get back on track"

Moat House has a proven track record of engaging vulnerable young learners, including those with additional needs, to achieve their best outcomes, in a nurturing and supportive setting.

We can offer a bespoke, personalised, respite package to Key Stage 4/ post 16 learners to help them to re-engage with learning and catch up on key skills they may have missed. These placements will be available for students struggling to engage with their mainstream provider, when referral to other PRU/ provisions may not be appropriate.

One to one induction sessions will lead to a personalised offer, including enrichment and mentoring alongside academic skills-based, subject teaching. We will discuss with Students / referring agencies the most suitable pathway. Bespoke packages could include:

- Maths
- English
- Work Skills
- Cookery
- ICT
- Vocational experience within nursery setting/ health and safety

Moat House School and Moat House Nursery are both Ofsted 'Outstanding' providers with a highly experienced and committed staff. By choosing Moat House, referring schools and parents can be assured that Stockport health and safety and safeguarding measures are strictly followed; a fully trained first aider and a Designated Safeguarding Lead are always on site. Our SENDCo will meet students and their parents at the start of the project to establish the best ways we can support them with their learning, to make progress.
